

This is an important announcement about the league format for Session Three of Domeball 2019. We're trying something different, so please read the entire note and the attached registration form! Thanks!

We're looking at some changes in our schedule to try to keep rosters smaller for the third session of Domeball 2019.

We'd like to see if we can add a 5th game to our days, both Tuesday and Thursday. We can squeeze the fifth game in if:

- We play 60 minute, 7 inning games.
- No inning will start after 55 minutes.
- If we finish 7 innings in less than an hour, the game will end and the next game will begin immediately.
- Players are at the dome and ready to play immediately after each preceding game is completed.
- We have games starting once per hour, beginning at 8:30 a.m., wrapping up Game 5 right at 1:30 p.m.

At least to start, we will have our usual BRIEF batting practice (5 swings) before Game #1, starting at 8 a.m.

We need about 14 players per roster to ensure we have at least 11 at each game. We'll have to see what our actual numbers look like before finalizing the changes and will try to manage it in a way that will cause the least confusion.

To get this set up, we'll need to have your registrations in-hand by February 13th. We'll ask you to select one of the following combinations of game times – and understand that if the numbers aren't balancing out, we'll be asking some players to change times.

The combinations for players requesting two games are:

Games 1 and 2
Games 2 and 3
Games 3 and 4
Games 4 and 5

If we don't have enough players to fill 10 teams, we will collapse the schedule back to 4 games per day, assigning players as close as we can to the times requested.

So, here we go! Please get your registrations and checks back to Doc (via mail) or Ron Wenaas (at the dome) as soon as you can! We'll keep you informed as we find out if this plan either looks doable – or not.

Thanks!

Doc, Ron T and Ron W
