

One-year-old **Jace Knoell** was diagnosed with a neuroblastoma tumor in his abdomen in Sept 2013. The stage 4 tumor encases his main arteries & blood vessels & has spread to some bones.

Jace's 15 month treatment includes chemo, a bone marrow transplant, surgery for tumor removal, radiation & immunotherapy. **Jace** comes from a lively household in Fremont, NE where he lives with his parents & 3 older siblings whom he adores!

**Join Jace's
Task Force &
Help Him Fight
His Battle!**

**JACE'S
TASK FORCE**

Jace's family needs help paying medical bills so they can stay by his side while he fights his battle with cancer. Your thoughts, prayers & support are appreciated. Cancer is one battle that **Jace** did not choose, but it is one that we can all help him fight!
